

You Matter More Than You Think

Am I making a difference? Does my life matter? How can I make a difference when some days I can't even find my keys? asks award-winning author Leslie Parrott. I've never been accused of being methodical, orderly, or linear. So when it came to considering my years on this planet, I did so without a sharpened pencil and a pad of paper. Instead, I walked along Discovery Beach, just a few minutes from our home in Seattle. Strange, though. All I seemed to ever bring home from my walks on the beach were little pieces of sea glass. Finding these random pieces eventually became a fixation. And, strangely, with each piece I collected, I felt a sense of calm. What could this mean? What was I to discover from this unintentional collection? In this poignant and vulnerable book, Leslie shows you how each hodgepodge piece of your life, no matter how haphazard, represents a part of what you do and who you are. While on the surface, none of these pieces may seem to make a terribly dramatic impact, Leslie will show you how they are your life and how when they are collected into a jar - a loving human heart - they become a treasure.
